All members of this community are expected to conduct themselves in a manner that contributes positively to an environment in which respect, civility, diversity, opportunity, and inclusiveness are valued, to assure the success of both the individual and the community.
- 1.2** The purpose of this Student Code of Conduct is to define the general standard of conduct expected of students, provide examples of conduct that may be subject to disciplinary action by the Academy, provide examples of disciplinary measures that may be imposed, and set out the process and procedures that the Academy will follow when an allegation of misconduct is made. Students are expected to be aware of, and to conduct themselves in accordance with, this Code.
- 1.3** The Academy respects the right of students to conduct their own personal lives. This Code governs conduct only to the extent necessary to protect the integrity and proper functioning activities of the Academy, the peaceful and safe enjoyment of Academy facilities by other members of the Academy and the public, the freedom of members of the Academy to participate reasonably in the programs of the Academy and in activities in or on the Academy's premises, or to protect the property of the Academy or its members.
